## SAM KASPAR CHALLENGES ALL AT 135-LBS

### Record Breaking Crowd Sees Iron Worker Win Draw Decision

Fight fans packed American Legion Hall last Friday night to capacity and before 9 o'clock standing room was at a premium. Neighboring towns contributed heavily to the crowd and Torrance gave up a majority of its population to see the exceptionally good program of boxing contests.

Sam Kaspar was there—on parade—and was the center of attraction, demonstrating the fact that he is fast growing in popularity and his admirers see his first defeat in the far distant future. At 138 pounds he is a hard nut to crack, his ability to take punishment and his wonderful stamina brought forth shouts of praise from those who heretofore had "booed" him.

The Australian failed to show up and when it was learned that the main event of the evening had to be called off, W. H. Gilbert left immediately for San Pedro where he induced a sailor off the Battleship Mississippi to come to Torrance and do battle with the Terrible Sam. Both men were evenly matched in weight and at the end of a sensational four-round fracas the decision was announced as a draw which met with favor.

Where can we get a man to beat Kaspar? That question is still unanswered. When a scrapper with the reputation of Australian Ringler backs down it begins to look like a hard proposition to get anyone to go against the local iron worker.

All other bouts were fast and furious and the general verdict of the large crowd was that they got their money's worth. One of the reasons why last Friday night's bouts were so successful is due to the fact that so many of the contestants came from surrounding towns. And they brought their gang with them.

Too much credit cannot be given Referee Arcy of Wilmington. Having had a world of experience in the ring as a fighter himself, "Kid Archy" knows how to manage scrapers. He gives his instructions and puts his men on their honor to obey the rules and then lets them go to it. Seldom does he "mix" it with them. Just a touch on the shoulder and a word spoken in a kindly and quiet manner was noticeable to have the effect of clean boxing. However, as third man in the ring, Kid Arcy stands on his dignity and a warning from him means that a repetition of an offense means disqualification or loss of the fight for the one who cares to take that chance. As referee last Friday night he made hundreds of friends here in Torrance.

## Sleuths Find Bootleg Camp 'Over the Border'

A bet that the press-agent overlooked—but Fate was kind! Even Fate's taking a hand did not, however, prevent the press agent's being accused when a story emanated from Truckee, Cal., to the effect that San Francisco revenue officers ran down a "moonshiner's ring" and found the "offenders" to be only members of the Penryn Stanlaws Paramount company on location in the snow country for scenes of "Over the Border," which with Betty Compton, and Tom Moore featured, will open at the Torrance Theatre Sunday and Monday, Oct. 8-9.

### CENTRAL EVANGELICAL CHURCH

Sunday school meets at 9:30 a. m. Robert Spencer, superintending the adult and junior departments while Mrs. Lancaster has charge of the primary department. Good teachers for all classes.

In the absence of the pastor, Rev. D. D. Mitchell will have charge of the services at 10:45 a. m. and 7:30 p. m. and will deliver the messages. There will be good music. The choir meets Wednesday evening. Midweek service Thursday evening. The Ladies Guild will meet Thursday, October 5, at 2:30 p. m. at the home of Mrs. Winters on Susana street.

The dance given last Saturday evening by the Torrance Base ABLL Club was a most enjoyable affair as well as a financial success. A fund was started for their new uniforms and a large crowd was enthusiastic over the splendid music. Fred Traekle of Columbus, O., is a recent arrival at the McKinley Inn.

Mr. and Mrs. Guy Owens of Los Angeles formerly of Torrance were guests of Mr. and Mrs. E. O. Straub Monday evening.

Mr. and Mrs. John Young will move into their new home on Susana Street Saturday.

Miss Rose Straub went with the Pacific Electric Club to the P. E. camp over the week-end.

Miss Helen Neall is taking a year's course at the West Lake school for girls in Los Angeles.

Miss Prudence Green, a teacher in the Torrance schools last year, now teaching in Gardena, was a guest of Mrs. H. A. Kembel Wednesday evening. Her home was at the home of her daughter, Mrs. Wm. Tolson, in Los Angeles, last week, helping to care for the baby. It has been ill for some time, but is better at present.

### TORRANCE SCHOOL NOTES

The people of Torrance who have children attending the school, should feel very grateful to the city trustees for the safety fences that have been placed across the street at the east and west corners of the parking in front of the school.

In the last twelve months three different motorists passed the school so rapidly, that they were unable to hold their machines between the curbing, one landing on the lawn, the other two jumping the curb and stopping in the parking across from the school. Over one-half of the machines driven past the school were driven on the left hand side of the boulevard, on account of the peculiarity of the corners, thus making it extremely dangerous at all times.

Now motorists must drive on the opposite side of the parking, leaving the children in safety, and at any time if it is necessary to use the street, the posts are placed in such a way that they can be removed from their sockets.

Mr. Barnett has been hunting for the past two weeks for a teacher for dress-making and millinery class for night school. He has found an excellent teacher for an afternoon class, between the hours of 3:30 and 5:30. If there is a sufficient number of pupils who wish to attend this class it can be organized at once, but if not, he will continue hunting for a teacher for a night class.

Miss Elvira Burwash, has been assigned for the Torrance High school, to teach chorus and orchestra.

Miss Burwash comes highly recommended by the superintendent of the Duluth, Minn., public schools, and Torrance school is most fortunate to have her as one of the faculty.

A number of pupils were transferred from the Torrance school this week to the Carson street school, in the Keystone tract. The Carson street school has an enrollment of over one hundred pupils. The dividing line between the two school districts is just east of Normandy avenue, and after these transfers the number of pupils in the Torrance school has steadily increased until Friday's report showed 525 pupils in attendance. It is expected that two more half-day sessions will be necessary in a short time.

The superintendent Mrs. Susan Dorsey gave orders to the architect, Monday, to proceed with the building of the Torrance High school. It is expected in a very few days, that a meeting can be arranged with the chamber of commerce and the architects to talk over the general plans of the Torrance school, grounds, and the civic and educational needs of Torrance. Torrance City Engineer, Jessup, has taken a contour survey of the grounds. It is expected that the new building will be ready for occupancy next September, when school opens.

Mr. and Mrs. J. H. Stanger entertained a party of friends Saturday evening with a chicken dinner. The guests were Mr. and Mrs. C. H. Mueller, Mr. and Mrs. Geruff, Mr. and Mrs. J. F. Stone.

Mr. and Mrs. Raymond of the Night and Day Garage have purchased a home on Gramercy Ave.

Mr. and Mrs. Joe Anderson have moved from Cota avenue to Kern Court.

## McCarrol Ranch Will Hold Rodeo

A Rodeo will be held on the McCarrol Ranch in the Palos Verdes Hills, Sunday afternoon. Llewellyn Phillips is going to see just how "bad" they are. Nuf sed!
